STATINTL

Mr. []
Coordinator for Academic Relations
Central Intelligence Agency
Washington, D.C. 20505

Dear Mr. [] STATINTL

I want to thank you for arranging an extremely interesting meeting for my students. You were very generous with your time and the openness and directness of your observations, along with the comments of your three colleagues, made the CIA visit a valuable one for my students.

I sometimes feel that government officials who speak to my students have no full appreciation of how important an experience this is for young people. Not only do students find it interesting, but it makes the sometimes abstract and obscure study of foreign affairs much more specific and real. It also makes it possible for my students to have some brief contact with foreign affairs personnel which, in turn, helps them to begin to think of themselves in similar careers.

It was a very good visit and I hope we can arrange a similar discussion next year. Once again, many thanks.

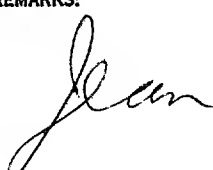

Sincerely,

Henry T. Nash
Professor of Political Science

[REDACTED]

Coordinator for Academic Relations
Central Intelligence Agency
Washington, D.C. 20505

Dear [REDACTED]

I appreciate your willingness to arrange a meeting with CIA personnel for my twenty-three students for Tuesday morning at 9:30 A.M. on January 30th.

As I mentioned during our telephone conversation, this year's Short Term project, entitled "Foreign Service as a Career," is essentially the same as the one last year which included a visit with Dr. Catell and other Agency personnel. For three weeks I and my students will be engaged in a study of selected government agencies which have as their primary responsibility work in the field of foreign affairs. We will first consider agencies such as your agency, the State Department, the Arms Control and Disarmament Agency, and the White House Office, from the standpoint of their central mission and problems related to the fulfillment of that mission. We will also look at these agencies from the standpoint of career possibilities for my students. Then, following seminar discussions at Hollins, we will spend one week in Washington discussing with government personnel the nature of the jobs for which they are responsible. The final week of the Short Term will be spent contrasting the conclusions we reached in our discussions at Hollins prior to the visit to Washington with the impressions we gained from our meetings with government personnel. Hollins has no regular classes during the six-week Short Term and, as a result, the academic focus of my students will be exclusively devoted to this project.

As for the names of my students, plus their date and place of birth, I shall send this to you following our first seminar meeting on January 11th. If it is critical that you have this information before mid-January, please let me know and I'll see if someone can dig it out of the records in the Admissions Office. I don't want some procedural matter to obstruct our visit.

Again, thanks for agreeing to meet us on the 30th. If any questions or problems arise, please contact me.

Sincerely,

Henry T. Nash
